

## **MARKET REPORT**

**Saturday April 11, 2026**  
**Head Sold: 642**

We had an excellent showing of replacements for our annual spring female replacement special. The majority of what we offered were heavy bred spring calvers and pairs with fresh babies on their sides, very few fall calving cows mixed in with them. The groups sold well and the ring was packed in house and online! The demand was hot! We were so grateful for another great replacement. Thank you to everyone who allowed us to work for them this weekend! We can't wait to do it again in November!
